## JACKETS, HOODIES AND LONG SLEEVES:

**PORT AUTHORITY.**

Outerwear Shells

If you are not used to winter in The Windy City, we hope you will be soon. One way to survive the extremes without missing the chance to show your brand is through custom knitwear.

Unlike embroidery, where the thread is sewn through the clothing, custom knitwear involves knitting the design directly into the garment. Designs are seamless with the material and look extremely cohesive and quite unique!

Heavy weight hoodies that actually keep you warm!
